

Product Information Sheet

1. Objectives

This production information sheet is provided to identify locations of parts, materials, hazardous substances and compound substances in the product that is going to be disposed based on WEEE Directive (2002/96/EC), and to allow waste disposal facilities to dispose the product and to recycle the product in proper manner.

Product: Eluent Degassing Device Degasser ERC-3000α series
 Product code: Y4617007, Y4617000, Y4617002, and Y4617004
 Point of Contact: SHOWA DENKO EUROPE GmbH Phone: +49 (0) 89/93 99 62-34 Fax: +49 (0) 89/93 99 62-34
 E-MAIL:Schultz@sde.de http://www.shodex.com

2. Disposal

Information of such product as components, major materials, hazardous substances, etc is listed in the next table.

In order to promote recycling and other ecological activities, components that can be separated and/or disassembled from the product should be listed in this table. Note that the entry of component weight in the table is not essential.

Fill in the column, Remark with such statements as "Remove ○○ sheet before disassembly" and "Perform ○○ processing before disassembly".

Component		Major material	Separation process is required or not.	Location where the material is used	How to dispose	Weight of component (Reference only)	Remark
Category	Sub-category						

Product Information Sheet

Component		Major material	Separation process is required or not.	Location where the material is used	How to dispose	Weight of component (Reference only)	Remark
Category	Sub-category						
Switching power supply unit	Circuit board	Epoxy glass Electronic component	○	Refer to Attached drawing .	Should dispose in compliance with Directive 75/442/EEC, Article 4		Printed wiring board shall be subjected to the separation process when its size is 10cm ² or more
Control circuit unit	Circuit board	Circuit board	○	Refer to Attached drawing .			
De-aeration unit	Vacuum chamber	Aluminum	×	Refer to Attached drawing .	Material recycle		
	De-aeration tube	Fluorocarbon resin	×		Shall be disposed in landfill after the removal from the body		
Cover		Iron	×		Material recycle		Shall be separated from other parts
Chassis							
Power cable		Copper PVC	○	Refer to Attached drawing .	Thermal recycle after crushing		

Product Information Sheet

Component		Major material	Separation process is required or not.	Location where the material is used	How to dispose	Weight of component (Reference only)	Remark
Category	Sub-category						
Other removable parts		Stainless, and Other electronic component	×		Shall be disposed in landfill after the removal from the body		

1) The symbol, "○" used in the column "Separation process is required or not" indicates that the part shall be subjected to the process stipulated in WEEE Directive (2002/96/EC) Supplementary provisions . The symbol, "×" indicates that the part shall not be subjected to the separation process.

2) Location of each component is indicated in Attached drawing-1.

3) Remark

- Part to be processed in accordance with WEEE Annex Article 6 (1) is indicated in this Remark column.

3. Record and Report

The followings shall be recorded after receiving and disposing our waste product. In addition, contents of the record shall be reported once a year.

- Number of received waste product and of disposed product
- Client of disposal (Who asked to dispose the product)
- Type/Kind of waste product

Product Information Sheet

Attach drawing and/or photo showing locations where component and/or hazardous substances are used.
