

Clear Brook, VA 22624 •• 540-667-7044

Valco hydrogen generators offer configurations that provide desired features and space considerations.

Each series offers a choice of fuel grade or fuel + carrier grade H₂.

All units are "**No Maintenance**". They are free of any maintenance requirement other than changing the ion scavenger bag. The instrument will indicate when that is necessary.

Our units **exhibit exceptional life expectancy** approaching 10+ years of continuous operation.

PG-Plus & NM-Plus

PG-Plus - Fuel Gas 99.9996%

- Flow, ml/min: 100, 160, 250, 300, 500, 600
- Reservoir: 2.5 liters

Options:

- Auto Water Refill
- Software Control from your PC
- Cascading, Plug-and-Play single point control of multiple units

NM-Plus - Fuel + Carrier Gas 99.99996%

- Flow, ml/min: 100, 160, 250, 300, 400, 500, 600, 1000, 1350
- Reservoir: 2.5 liters

Options:

- Auto Water Refill
- Software Control from your PC
- Cascading, Plug-and-Play single point control of multiple units

PG & NM Tower units are slightly narrower and offer **Built-in Zero Air**

PG-Plus Tower - Fuel Gas 99.9996%

- Flow, ml/min: 100, 160, 250, 300, 500, 600
- Reservoir: 5 liters

Options:

- **Zero Air:** Built-in, 1.8 or 5 liters/min
- Auto Water Refill
- Software Control from your PC
- Cascading, Plug-and-Play single point control of multiple units

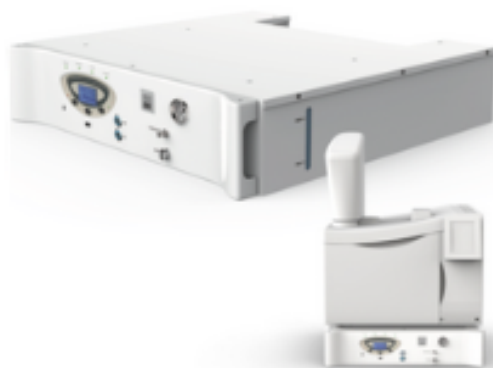

NM-Plus tower - Fuel + Carrier Gas 99.99996%

- Flow, ml/min: 100, 160, 250, 300, 400, 500, 600, 1000, 1350
- Reservoir: 5 liters

Options:

- **Zero Air:** Built-in, 1.8 or 5 liters/min
- Auto Water Refill
- Software Control from your PC
- Cascading, Plug-and-Play single point control of multiple units

Stack units fit under your GC saving bench space and offer **Built-in Zero Air**

PG-Plus Stack Unit - Fuel Gas 99.9996%

- Flow, ml/min: 100, 250
- Reservoir: 7 liters

Options:

- Auto Water Refill
- **Zero Air:** Built-in, 1.8 or 5 liters/min
- Software Control from your PC
- Cascading, Plug-and-Play single point control of multiple units

NM-Plus Stack Unit - Fuel Gas 99.9996%

- Flow, ml/min: 100, 300, 400, 600, 1000
- Reservoir: 7 liters

Options:

- Auto Water Refill
- **Zero Air:** Built-in, 1.8 or 5 liters/min
- Software Control from your PC
- Cascading, Plug-and-Play single point control of multiple units

••• Or **Rack Mount** your H₂ generator

PG-Plus Rack Mount - Fuel Gas 99.9996%

- Flow, ml/min: 100, 160, 250, 300, 500, 600
- Reservoir: External, 5 or 10 liters

Options:

- Auto Water Refill
- **Zero Air:** Built-in, 1.8 or 5 liters/min
- Software Control from your PC
- Cascading, Plug-and-Play single point control of multiple units

NM-Plus Rack Mount - Fuel Gas 99.9996%

- Flow, ml/min: 100, 300, 400, 600, 1000
- Reservoir: External, 5 or 10 liters

Options:

- Auto Water Refill
- **Zero Air:** Built-in, 1.8 or 5 liters/min
- Software Control from your PC
- Cascading, Plug-and-Play single point control of multiple units
